

# Seven Gen Systems

## Indigenous-owned AI & automation.

We build AI tools, automation, and dashboards for organizations adopting AI, *and we train the people learning to use them.*

Seven Gen Systems is an Indigenous-majority-owned Alberta company delivering AI advisory, training, and applied automation across federal procurement and the private sector.

Strategy, build, and deployment all happen in-house. The team that scopes the work ships it.

### CAPABILITIES

#### 01 AI Strategy & Advisory

Opportunity assessments, tooling selection, and responsible-use frameworks for organizations adopting AI.

- ASSESSMENTS TOOLING GOVERNANCE

#### 02 Operational Tooling
